The Foundation Purpose

Why should you care about the Foundation and its work?

Much of the success you may have experienced after high school is a result of your education. The only way to ensure success for those who follow you is to support programs that help them prepare for life after high school and to enable them to succeed.

Key Statistics

- Over \$2 million in grant requests have been submitted to the Foundation
- Over \$1 million has been provided to fund 675 programs
- Over 60,000 students have participated in grant programs
- Less than 1% of public school districts get support from their alumni for special programs. **IMPROVE THIS STATISTIC** by attending this event or sending a donation!

In Celebration of St. Patrick's Day and Our 18th Year,
the evening will feature
