

Bolingbrook

a place to grow

Roger C. Claar
Mayor

June 9, 2009

Carol S. Penning
Village Clerk

To Whom It May Concern,

Leroy J. Brown
Deputy Mayor
& Village Trustee

The Village of Bolingbrook is currently underway with the installation of the wireless fire alarm system that replaces the AT&T dedicated circuit connection. This system is more reliable to receive signals from your protected property and in most cases less expensive. The cost of the wireless system is \$86 per month which will be billed quarterly. You will be able to disconnect your AT&T dedicated circuit and ADT monitoring fee after you have the box installed and are connected to our dispatch center.

Village Trustees
Michael T. Lawler
Ricardo Morales
Joseph B. Morelli
Patricia E. Schanks
Sandra S. Swinkunas

At this time the village is almost 60% completed with this project of installing the wireless alarm system communications radios. This is not a voluntary decision; **EVERY** business will be switched over to the new wireless system. We need your compliance agreement so ADT can come and install the box at your business. If you have not yet signed a wireless radio compliance agreement, please follow the instructions below so you can be added to the list of installation

James S. Boan
Village Attorney

1. A wireless compliance letter is attached, sign and provide the address where the wireless radio will be installed.
2. Send the original signed copy back to the Bolingbrook Fire Department, 375 W. Briarcliff Rd, Bolingbrook, IL 60440: Attention Justin Carrano.
3. Your property will be added to the list of installs after we receive the signed copy and the installing contractor will contact the business prior to install.
4. After the radio is installed and programmed, Justin will then call the representative of your property to cancel the AT&T dedicated circuit. **DO NOT CANCEL THE AT&T CIRCUIT UNTIL THE FIRE DEPARTMENT ADVISES YOU TO DO SO.**

Please contact the Bolingbrook Fire Department at 630-226-8540 if you any questions or concerns.
